Washington, DC 20540

08/22/2026

To whom it may concern,

I am writing to confirm this volunteer's participation in the Library of Congress virtual volunteering program By the People (<https://crowd.loc.gov>). The project invites anyone to help the Library by transcribing, tagging, and reviewing transcriptions of digitized historical documents from the Library's collections. Transcriptions make the content of handwritten and other documents keyword searchable on the Library's main website (<https://loc.gov>), open new avenues of digital research, and improve accessibility, including for people with visual or cognitive disabilities.

They registered as a By the People volunteer on 02/23/2026 as ezardwizard. They made 110 edits to transcriptions on the site and reviewed 21 transcriptions by other volunteers. You can find further details on their virtual volunteer activity in the following pages.

The By the People site does not track the time that volunteers spend transcribing but volunteers may track their own hours. The following activity pages have time stamps that may also be useful.

Best,

Lauren Algee
